Andrew Gibbons
Managing Director
Mason Owen

A better way

Having real-time systems and controls in place to manage counterparty risks is **more important than ever...**

BIBA research reveals a 70% increase in costs associated with regulatory compliance. Our research shows that 8.8% of firms initially uploaded to REG are no longer authorised by the FCA, and 9.4% of firms have credit ratings that indicate a moderate to high risk of failure within the next 12 months.
